SUMMARY

I have recently completed my B.Sc. in Computer Science from AUST, and looking for an opportunity to learn cutting-edge technologies, and build my career as a Software Engineer in Bangladesh. I am an energetic quick learner and confident that I can contribute to your team's success and grow both personally and professionally. I enjoy tackling challenging problems and am always eager to learn and grow in my field.

EDUCATION

B.Sc. in Computer Science and Engineering

Ahsanullah University of Science & Technology (AUST)

Jul 2019 - Dec 2023

TECHNICAL SKILLS

Programming Languages: C, C++, Python, Java, JavaScript

Frameworks: PyTorch, .NET, React.js, OpenGL

Database: MySQL, MsSQL,

MAJOR PROJECTS

Lunch Management System

Technologies: React.js, Node.js, Express, PostgreSQL

The Lunch Menu Management System is a web app that allows administrators to manage menus and employees, while employees can view and select their lunch options.

ALASKAEXPRESS

Technologies: ASP.NET, C#, Javascript, MySQL, HTML, CSS

Our project aims to ease the burden of busy schedules by enabling people to buy bus tickets online, avoiding long queues at counters and offering the convenience of purchasing from home.

FoodFiesta

Technologies: ASP.NET, C#, Javascript, MySQL, HTML, CSS

A web based fastfood app streamlines inventory, sales, and supplier tasks, ensuring data integrity and boosting efficiency with user-friendly features like sales management and robust security.

A Machine Learning Approach to Recognize Doctor's Handwritten Prescription in Bangladesh

Technologies: Machine Learning, Deep Learning, image processing, Python

Developed a groundbreaking ML system leveraging the VGG16 model to decipher varied handwritten prescriptions from Bangladeshi doctors. This research aims to bolster patient safety and drive advancements in global healthcare tech.

PROBLEM SOLVING

Solved problems in various Online Programming Platforms:

Codeforces : [_Invisible_R](#)

leetcode : [AbdurRahim019](#)

AWARDS AND SCHOLARSHIP

Merit Scholarship from Dhaka Board (SSC-2016)

Intra AUST Programming Contest - CodeFiesta 22. Organized by AUST.(11th)

Intra AUST Programming Contest - CodeCOMBAT 21. Organized by AUST.(10th)

Intra AUST Programming Contest - Codeclash 21. Organized by AUST. (13th)
